Dear Sir,

Greetings from TASK !!

Bioogical E Requirement and link to apply

Biological E Limited, the first private sector biological products company in India and the first pharmaceuticals company in South India was established in 1953. Originally incorporated as Biological Products Private Limited, and launched by Dr. Vijay Kumar Datla, Biological E (BE) today, is a leader in the world of vaccine market.

BE is also the first pharmaceutical company in South India. Ever since its inception, the focus is on providing affordable access to quality healthcare. The branded formulation business has consistently remained as a strong pillar for the organization. Currently, we are among the leading suppliers of Heparin and Noscapine based cough medications in India.

Over the last many decades, Biological E. Limited expanded its product portfolio to cover a whole range of pharmaceutical formulations targeting different therapeutic segments including Respiratory, Cough Management, Gastrointestinal, Nutraceuticals, Anti-Infective, Analgesics and Critical Care. In this journey Biological E has created many legacy brands that offer high-quality trusted solutions to the doctors to handle the most common health challenges the country faces. The wide reach of our sales and distribution team also ensures that these brands are available all across the country, be it the top metros or the remotest of the villages.

We use science based innovation for developing products to meet the specific needs of the end consumers. We focus on developing affordable, efficient and high quality products for acute therapies.
